FIRST NATIONAL BANK of Michigan

> **Quarterly Report** March 2023

Letter To Our Shareholders

Thank you for your continued investment in First National Bank of Michigan (FNBM), your local community bank. FNBM's total assets were \$952.0 million as of March 31, 2023, up 3.7% from March 31, 2022. As of March 31, 2023, year to date Net Income of \$1.22 million is 24.9% below previous year's Net Income of \$1.63 million with Paycheck Protection Program "PPP" fee income decreasing \$0.39 million. PPP loans have reduced from \$2,401,000 to \$319,000 year over year. Thus far in 2023, we added \$592,000 to the Loan Loss Reserve compared to last year's provision of \$468,000 for future potential credit losses, inflation, and the unknown economic climate. Our 3 months of Net Income before Income Tax Expense and Loan Loss Provision Expense, also known as Pre-Tax Pre-Provision ("PTPP"), decreased by 14.4% for the first three months of 2023 to \$2.03 million from \$2.37 million for 2022. Net of PPP income, our first 3 months of core Pre-Tax Pre-Provision earnings grew 3% to \$2.03 million from \$1.97 million in 2022.

As a community bank, First National Bank of Michigan remains well capitalized with good liquidity and a shortduration bond portfolio and is well positioned to continue to serve our customers and community. FNBM customers have access to our experienced team, and we stand ready to assist you at all times with any of your banking needs.

"As mentioned in prior letters, economic uncertainty, recession fears and unprecedented rate increases by the Federal Reserve have made it a very challenging environment for bank stocks. To make matters worse, three of the largest bank failures in history have occurred in 2023. Combined Silicon Valley Bank, Signature Bank (NY) and First Republic had assets of more than \$500 billion. These failures have added further pressure to bank stocks with the NASDAQ Bank Index down 25% year to date through May 5 and the KRE Regional Bank Index down 35% during the same period. These events have also resulted in increased pressure on our funding costs which will have a short-term negative impact to our net interest margin. Despite continued strong profitability, capital and asset quality, FNBM is not immune to market downturns. As a result, the value of FNBM was independently determined to be \$45.00 per share as of March 31, 2023, a decrease of 16.7% from the December 31, 2022, value of \$54.00 per share." - Rick Maroney, Senior Managing Director, Hovde Group.

At any time, if you are interested in purchasing or selling FNBM stock, please contact Matt Morgan, CFO at 269-488-8880 or mjmorgan@fnbmichigan.bank.

Together, We are First.

Sincerely,

Seriel E. Bitzen Lang D. Luth
