

Delight your clients and elevate your business

Professional service firms that deliver an exceptional customer experience have the greatest success in attracting and retaining clients. Additionally, in our digital and on-demand world, customers' expectations are continually rising. Increasingly, customers want the added convenience of making payments on their terms.

Give your clients more ways to pay

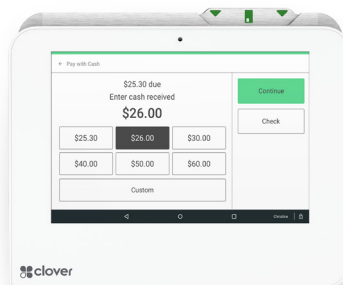

Clover® devices give you the ability to accept debit, credit, swipe or chip cards, and contactless NFC payments including Apple Pay®, Google Pay® and Samsung Pay®. Choose the device that best suits your needs.

Clover Flex

On the road

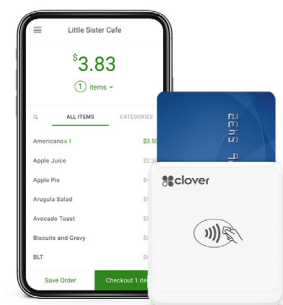

Handheld, full-featured POS

Clover Mini

In the office

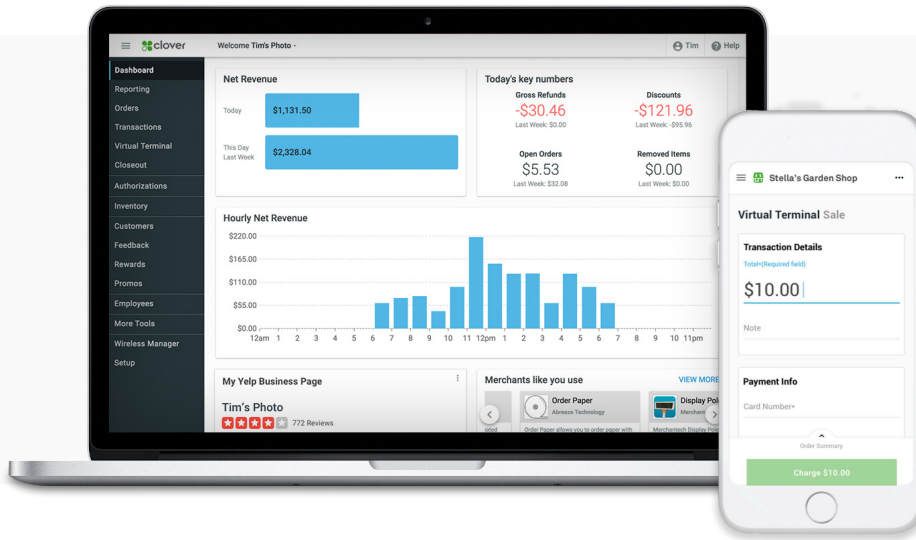

Compact, countertop POS

Clover Go

From your phone

Pair Go app with Go card reader

Manage your business from anywhere

Manage your entire business on the Clover Dashboard, including Virtual Terminal, which allows you to take payments. It's accessible anywhere you are: on your Clover device, your smartphone, tablet, or laptop.

Strengthen your client relationships

Engage with your customers via email, text, the Clover consumer app, or Facebook® and Twitter® with pre-installed Clover apps included at no cost.
